

WINDSOR MEDIA ENTERPRISES ANNOUNCES NEW HARD COVER EDITION OF *GOD SPARE LIFE*.

ROCHESTER, NY (November 1, 2007): WME Books has just released a new hard cover with dust jacket edition of *God Spare Life*, the autobiography of Dr. Claudia Lynn Thomas, the first African-American female orthopedic surgeon in the United States. A soft cover edition was released earlier this year in July.

“This new hard cover edition is a beautiful publication,” states Yvonne Divita, President of WME. “And its release is just in time for the holidays. It makes a wonderful gift for relatives and friends.”

This is the first book that WME Books has produced in a hard cover version. “The sales and excitement generated by the soft cover certainly justified a hard cover edition,” says Tom Collins, VP of Production. “We think it looks terrific.”

The hard cover price of *God Spare Life* is \$29.95 (plus S&H) and is available from the WME Books Website bookstore.
