# ***Discovering Your Inner Samurai: The Entrepreneurial Woman's Journey to Business Success***

By Dr. Susan L. Reid

Dr. Susan Reid uncovers the truth to starting an entrepreneurial business by tapping into yourself, or as she calls it your "inner samurai" in her outstanding new book: *Discovering Your Inner Samurai: The Entrepreneurial Woman's Journey to Business Success*.

This book teaches women how to think like a successful entrepreneur and how to uncover the talents and skills needed to make them a winner at business success.

More than an inspirational book, *Discovering Your Inner Samurai* takes women through the ups and downs of starting a new business and helps them traverse the inevitable stumbling blocks of inner doubt and lack of focus.

Reid uses her more than twenty years of experience working with people focused on making a difference in their lives and in the world, to create the tools that enable entrepreneurial women to be victorious in their endeavors. Through storytelling, and one-on-one discussions with clients, she explains what works and what doesn't, and then goes on to demonstrate "the how" of what works. Reid teaches readers to have confidence in their knowledge and intuition, to guide them along the path to success, using universal concepts of thinking positive and creating a business out of doing what you truly have a passion for.

"This book is bursting with the kind of inspiration entrepreneurs search for, day after day," says Jordan Adler, a nationally recognized Network Marketing Entrepreneur.

"Engaging! Enlightening! Empowering!" states Carol McClelland, a PhD at Transition Dynamics Enterprise and author of *Your Dream Career for Dummies*. "Susan's delightful real life stories illustrate how just a slight shift in how you see yourself, your business, and your life can catapult you into a new level of success."

Readers will learn new terms and tactics, such as "Inner Samurai" and waiting for the "yes" and "no" pulse, before moving forward. It's a book about discovering that wisdom, understanding and intuition that all women carry deep within, at the center of their being. It will encourage and excite you, while at the same time keep you focused and grounded.
